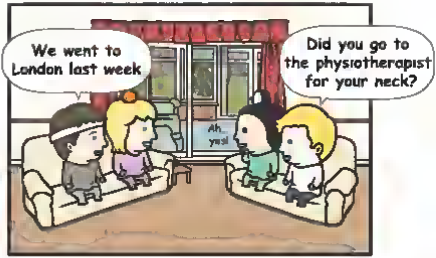
A Present for Him

As the time that we have spent together is getting longer, it feels harder to think of a present for him.

Especially, if he doesn't have something that he wants or needs, then it's extra hard.

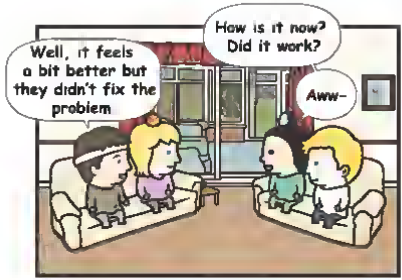
I really needed a brilliant idea
in this present business.

Then one day,
we visited Gail and Andrew.

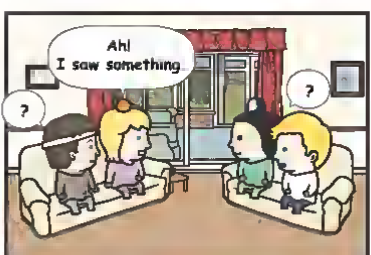


We were talking about what we'd done lately

Then we heard the story
that they visited a spa in London.



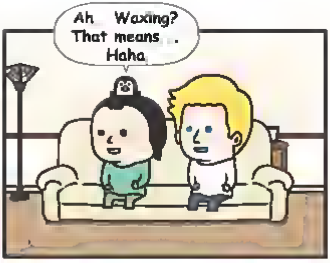
How is it now? Did it work?
Well, it feels a bit better but they didn't fix the problem
Aww-



Ah! I saw something
?
?

I saw
a sign in the spa,
it was a special offer.

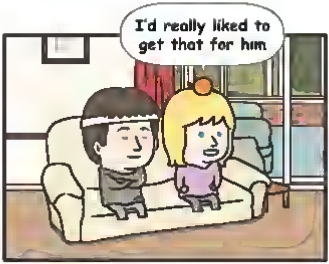
The spa offers
a full body wax for
men for £35.



Ah Waxing?
That means .
Haha

Yes From back to butt They said they'll get rid of every hair

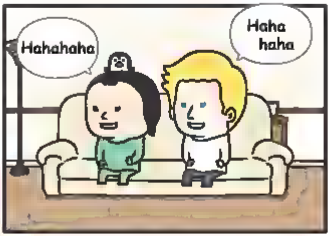
Andrew. Do you want that for your Christmas gift? Haha
Hahhaha

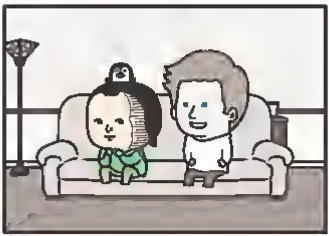


I'd really liked to get that for him

I even can pay up to £50
?
?

If they let me watch while
you're suffering in pain





Oho...

NO!
NO!!
